Clauses

System clauses (in every contract; cannot be switched off)

SYS_01_HOLD · Funds held through PayPal

Each tranche is funded through PayPal before work on it starts. PaySettle never receives the client's money into its own account in production.

SYS_02_WINDOW · Hold window

A PayPal hold lasts a limited time. Before it ends, approved milestones are released, unstarted milestones are returned to the client, and the parties may roll the remainder into a new tranche with the client's approval.

SYS_03_RELEASE_FINAL · Release-final

Once a milestone is released on the client's signed approval or a mediator's signed verdict, PaySettle accepts no further dispute on it. PayPal's own buyer and seller programmes still apply.

SYS_04_EVIDENCE · Evidence and review

The provider submits the evidence named in each milestone. The client reviews within 48 hours; reminders are sent at 24 and 36 hours. Uploaded files are kept unchanged.

SYS_05_DISPUTES · Scoped disputes

A dispute freezes only the disputed milestone. It proceeds by sealed offers (48 hours), an evidence vault (to 96 hours) and, if needed, a mediator's verdict. AI proposals are advisory; people decide.

SYS_06_NO_SIDE_PAYMENTS · No side payments

Payments for milestones in this contract go through PaySettle and PayPal only.

Template clauses

LATE_DEDUCTION · Late delivery deduction

For milestone M02, each full day the accepted evidence arrives after the due date, beyond 1 grace day, reduces the release by 1% of the milestone amount, up to 10%. Time the client spends reviewing never counts; days excused by a signed extension or a mediator ruling do not count. The deducted amount goes back to the client.

TPL_INCIDENTALS · Costs not included

Meals not in the itinerary, tips, and personal expenses are not part of this contract.

TPL_NOT_DELIVERED · Services not delivered

On-trip milestones are released only after the traveller checks in at the place. A service that does not happen is returned at its milestone amount, less any non-refundable supplier cost shown on the voucher.

TPL_SUPPLIER_CHANGES · Supplier changes

If a supplier cancels or changes a service, the agency offers an equal or better replacement at no extra cost, or that milestone's amount is returned to the traveller.

TPL_TRAVELLER_DUTIES · Traveller responsibilities

The traveller keeps passports and visas valid and is on time for pickups. A service missed because the traveller was late counts as delivered.

Clauses added by the parties

CUS_01 · Cancellation and refunds

If the traveller cancels before a milestone is approved, that milestone's held amount is returned less any non-refundable supplier cost shown on a voucher. Approved milestones are not refunded by PaySettle; supplier refunds follow each supplier's written terms.

CUS_02 · Response time

The agency answers traveller messages within 24 hours on working days. The traveller reviews submitted evidence within 48 hours, as the platform's review clause sets out.

CUS_03 · Inclusions and exclusions

Included: 20 hotel nights with breakfast, private car with driver for road legs and transfers, 3 domestic economy flights, the Delhi–Agra AC chair-car train, entry tickets for listed monuments, English-speaking guides in Delhi, Agra, Jaipur and Varanasi, travel insurance for 21 days. Excluded: international flights, visa fees, meals not listed, tips and personal expenses.
